

# Driving is risky. Distracted driving is worse.

Some days, does it feel  
like every driver on the  
road is distracted?

**I know how you feel.**

Cell phones, snacks  
and infotainment centers  
don't need your attention.  
**The road does.**

**Take the Just Drive pledge to drive  
distraction-free at [nsc.org/Pledge](https://nsc.org/Pledge)**
